of my IRA. Having only a year ago ventured into the self-directed IRA market, I had a lot of beginner's questions – and they helped me understand the entire process from start to finish. Just a year, I have purchased, remodeled and rented out two foreclosures here in Florida, and each step of the way, the IRA Club was there to guide me.”

Kent K. Oregon:

The IRA club is a very good, honest organization. They were very helpful in setting up a "checkbook LLC IRA" for me. With that vehicle, my wife and I have been able to earn more on our retirement funds using real estate and tax certificate strategies. Dennis is very helpful and friendly. His responses to my questions have been straight forward and easy to understand. Sometimes, he has even called during non-business hours to answer my questions. We are very satisfied with the IRA Club and hope everyone can have such a positive experience.

Scott L. Illinois:

Dennis Blitz gives expert advice, and is conservative in his approach. I have no hesitation recommending IRA Club to anyone seeking
